AETHLON MEDICAL, INC.  
(A Development Stage Company)  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)  
June 30, 2009

NOTE 1. NATURE OF BUSINESS AND BASIS OF PRESENTATION

Aethlon Medical, Inc. ("Aethlon", "We" or the "Company") is a development stage medical device company focused on expanding the applications of our Hemopurifier (R) platform technology, which is designed to rapidly reduce the presence of infectious viruses and other toxins from human blood. In this regard, our core focus is the development of therapeutic devices that treat acute viral conditions, chronic viral diseases and pathogens targeted as potential biological warfare agents. The Hemopurifier(R) combines the established scientific principles of affinity chromatography and hemodialysis as a means to mimic the immune system's response of clearing viruses and toxins from the blood before cell and organ infection can occur. The Hemopurifier(R) cannot cure viral conditions but can prevent virus and toxins from infecting unaffected tissues and cells. We have completed pre-clinical blood testing of the Hemopurifier(R) to treat HIV and Hepatitis-C, and have completed human safety trials on Hepatitis-C infected patients in India and are in the process of obtaining regulatory approval from the U.S. Food and Drug Administration ("FDA") to initiate clinical trials in the United States.

The commercialization of the Hemopurifier(R) will require the completion of human efficacy clinical trials. The approval of any application of the Hemopurifier(R) in the United States will necessitate the approval of the FDA to initiate human studies. Such studies could take years to demonstrate safety and effectiveness in humans and there is no assurance that the Hemopurifier(R) will be cleared by the FDA as a device we can market to the medical community. We also expect to face similar regulatory challenges from foreign regulatory agencies, should we attempt to commercialize and market the Hemopurifier(R) outside of the United States. As a result, we have not generated revenues from the sale of any Hemopurifier(R) application. Additionally, there have been no independent validation studies of our Hemopurifiers(R) to treat infectious disease. We manufacture our products on a small scale for testing purposes but have yet to manufacture our products on a large scale for commercial purposes. All of our pre-clinical human blood studies have been conducted in our

laboratories under the direction of Dr. Richard Tullis, our Chief Science Officer.

We are classified as a development stage enterprise under accounting principles generally accepted in the United States of America ("GAAP"), and have not generated revenues from our principal operations.

Our common stock is quoted on the Over-the-Counter Bulletin Board administered by the Financial Industry Regulatory Authority ("OTCBB") under the symbol "AEMD.OB".

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with GAAP for interim financial information. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation have been included. We have evaluated subsequent events through August 13, 2009, the day before our condensed consolidated financial statements were issued. The condensed consolidated balance sheet as of March 31, 2009 was derived from our audited financial statements. Operating results for the three month period ended June 30, 2009 are not necessarily indicative of the results that may be expected for the year ending March 31, 2010. For further information, refer to our Annual Report on Form 10-K for the year ended March 31, 2009, which includes audited financial statements and footnotes as of March 31, 2009 and for the years ended March 31, 2009 and 2008 and the period January 31, 1984 (Inception) through March 31, 2009.

#### NOTE 2. GOING CONCERN AND LIQUIDITY CONSIDERATIONS

The accompanying unaudited condensed consolidated financial statements have been prepared on a going concern basis, which contemplates, among other things, the realization of assets and the satisfaction of liabilities in the ordinary course of business. We have experienced continuing losses from operations, are in default on certain debt, have negative working capital of approximately (\$3,873,000) recurring losses from operations and a deficit accumulated during the development stage of approximately (\$39,366,000) at June 30, 2009, which among other matters, raises significant doubt about our ability to continue as a going concern. We have not generated significant revenue or any profit from operations since inception. A significant amount of additional capital will be necessary to advance the development of our products to the point at which they may become commercially viable. Our current financial resources are insufficient to fund our capital expenditures, working capital and other cash requirements (consisting of accounts payable, accrued liabilities, amounts due to related parties and amounts due under various notes payable) for the fiscal year ending March 31, 2010. Therefore we will be required to seek additional funds through debt and/or equity financing arrangements to finance our current and long-term operations.

7

We are currently addressing our liquidity issue by exploring investment capital opportunities through the private placement of common stock or issuance of additional debt. We believe that our access to additional capital, together with existing cash resources, will be sufficient to meet our liquidity needs for fiscal 2010. However, no assurance can be given that we will receive any funds in connection with our capital raising efforts.

The unaudited consolidated financial statements do not include any adjustments relating to the recoverability of assets that might be necessary should we be unable to continue as a going concern.

#### NOTE 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of our significant accounting policies presented below is designed to assist the reader in understanding our consolidated financial statements. Such financial statements and related notes are the representations of our management, who are responsible for their integrity and objectivity. These accounting policies conform to GAAP in all material respects, and have been consistently applied in preparing the accompanying consolidated financial statements.

#### PRINCIPLES OF CONSOLIDATION

The accompanying condensed consolidated financial statements include the accounts of Aethlon Medical, Inc. and its wholly-owned subsidiaries Aethlon, Inc., Hemex, Inc. and Cell Activation, Inc. (collectively hereinafter referred to as the "Company" or "Aethlon"). These subsidiaries are dormant and there exist no material intercompany transactions or balances.

#### LOSS PER COMMON SHARE

Basic loss per share is computed by dividing net loss available to common

stockholders by the weighted average number of common shares assumed to be outstanding during the period of computation. Diluted loss per share is computed similar to basic loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued, and if the additional common shares were dilutive. As the Company had net losses for all periods presented, basic and diluted loss per share are the same, and additional common stock equivalents have been excluded as their effect would be antidilutive.

The potentially dilutive common shares outstanding for the quarters ended June 30, 2009 and 2008, which include shares underlying outstanding stock options, warrants and convertible debentures were 38,837,862 and 31,575,690, respectively.

#### PATENTS

We capitalize the cost of patents, some of which were acquired, and amortize such costs over the shorter of the remaining legal life or their estimated economic life, upon issuance of the patent.

#### RESEARCH AND DEVELOPMENT EXPENSES

We incurred approximately \$77,000 and \$163,000 of research and development expenses during the three months ended June 30, 2009 and 2008, respectively, which are included in various operating expense line items in the accompanying consolidated statements of operations.

#### EQUITY INSTRUMENTS FOR SERVICES PROVIDED BY OTHER THAN EMPLOYEES

We follow SFAS No. 123-R (as interpreted by Emerging Issues Task Force ("EITF") Issue No. 96-18, "ACCOUNTING FOR EQUITY INSTRUMENTS THAT ARE ISSUED TO OTHER THAN EMPLOYEES FOR ACQUIRING, OR IN CONJUNCTION WITH SELLING, GOODS OR SERVICES") ("EITF No. 96-18") to account for transactions involving goods and services provided by third parties where we issue equity instruments as part of the total consideration. Pursuant to paragraph 7 of SFAS No. 123-R, we account for such transactions using the fair value of the consideration received (i.e. the value of the goods or services) or the fair value of the equity instruments issued, whichever is more reliably measurable.

We apply EITF No. 96-18, in transactions, when the value of the goods and/or services are not readily determinable and (1) the fair value of the equity instruments is more reliably measurable and (2) the counterparty receives equity instruments in full or partial settlement of the transactions, using the following methodology:

- (a) For transactions where goods have already been delivered or services rendered, the equity instruments are issued on or about the date the performance is complete (and valued on the date of issuance).
- (b) For transactions where the instruments are issued on a fully vested, non-forfeitable basis, the equity instruments are valued on or about the date of the contract.
- (c) For any transactions not meeting the criteria in (a) or (b) above, we re-measure the consideration at each reporting date based on its then current stock value.

8

#### IMPAIRMENT OR DISPOSAL OF LONG-LIVED ASSETS

SFAS No.144 ("SFAS 144"), "ACCOUNTING FOR THE IMPAIRMENT OF LONG-LIVED ASSETS AND FOR LONG-LIVED ASSETS TO BE DISPOSED OF" addresses financial accounting and reporting for the impairment or disposal of long-lived assets. SFAS 144 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. If the cost basis of a long-lived asset is greater than the projected future undiscounted net cash flows from such asset (excluding interest), an impairment loss is recognized. Impairment losses are calculated as the difference between the cost basis of an asset and its estimated fair value. SFAS 144 also requires companies to separately report discontinued operations and extends that reporting requirement to a component of an entity that either has been disposed of (by sale, abandonment or in a distribution to owners) or is classified as held for sale. Assets to be disposed of are reported at the lower of the carrying amount or the estimated fair value less costs to sell. We believe that no impairment existed at or during the three months ended June 30, 2009.

#### BENEFICIAL CONVERSION FEATURE OF CONVERTIBLE NOTES PAYABLE

The convertible feature of certain notes payable provides for a rate of conversion that is below the market value of our common stock. Such feature is normally characterized as a "Beneficial Conversion Feature" ("BCF"). Pursuant to EITF Issue No. 98-5, "ACCOUNTING FOR CONVERTIBLE SECURITIES WITH BENEFICIAL CONVERSION FEATURES OR CONTINGENTLY ADJUSTABLE CONVERSION RATIO" and EITF No.

00-27, "APPLICATION OF EITF ISSUE NO. 98-5 TO CERTAIN CONVERTIBLE INSTRUMENTS," the estimated fair value of the BCF is recorded, when applicable, in the consolidated financial statements as a discount from the face amount of the notes. Such discounts are accreted to interest expense over the term of the notes using the effective interest method.

#### DERIVATIVE LIABILITIES AND CLASSIFICATION

We evaluate free-standing instruments (or embedded derivatives) indexed to its common stock to properly classify such instruments within equity or as liabilities in our financial statements, pursuant to the requirements of the EITF Issue No. 00-19, "ACCOUNTING FOR DERIVATIVE FINANCIAL INSTRUMENTS INDEXED TO AND POTENTIALLY SETTLED IN, A COMPANY'S OWN STOCK," EITF Issue No. 07-5 "DETERMINING WHETHER AN INSTRUMENT (OR EMBEDDED FEATURE) IS INDEXED TO AN ENTITY'S OWN STOCK," EITF Issue No. 01-06, "THE MEANING OF INDEXED TO A COMPANY'S OWN STOCK," FSP EITF Issue No. 00-19-2, "ACCOUNTING FOR REGISTRATION PAYMENT ARRANGEMENTS," and SFAS No. 133, "ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES," as amended. Our policy is to settle instruments indexed to our common shares on a first-in-first-out basis.

Pursuant to EITF Issue No. 00-19, the classification of an instrument indexed to our stock, which is carried as a liability, must be reassessed at each balance sheet date. If the classification required under this Consensus changes as a result of events during a reporting period, the instrument is reclassified as of the date of the event that caused the reclassification. There is no limit on the number of times a contract may be reclassified.

EITF 07-5, "Determining whether an Instrument (or Embedded Feature) is indexed to an Entity's own Stock" ("EITF 07-5") provides a new two-step model to be applied in determining whether a financial instrument or an embedded feature is indexed to an issuer's own stock and thus able to qualify for the SFAS No. 133 paragraph 11(a) scope exception. We have identified one convertible debt agreement in which the embedded conversion feature contains certain provisions that may result in an adjustment of the conversion price, which under EITF 07-5 results in the failure of the embedded conversion feature to be considered to be indexed to our stock. Accordingly, under EITF 07-5 we are required to separate the embedded feature from the host instrument and to record the estimated fair value of the embedded feature as a derivative liability. As a result, the estimated fair value of the embedded feature, (See SIGNIFICANT RECENT ACCOUNTING PRONOUNCEMENTS below) was recorded as a derivative liability (at the date of issuance), and a cumulative effect adjustment to our accumulated deficit, was recorded based on the difference between amounts recognized at the date of issuance and April 1, 2009, the initial adoption of EITF 07-5. In addition, we have re-measured such derivative liability at estimated fair value as of June 30, 2009 and have recorded the change in the estimated fair value in operating results for the three months ended June 30, 2009.

#### REGISTRATION PAYMENT ARRANGEMENTS

We account for contingent obligations to make future payments or otherwise transfer consideration under a registration payment arrangement separately from any related financing transaction agreements, and any such contingent obligations are recognized only when it is determined that it is probable that the Company will become obligated for future payments and the amount, or range of amounts, of such future payments can be reasonably estimated. On October 2008, the SEC declared effective a registration statement that covered all of the shares and warrants that had previously been generating liquidated damages pursuant to registration rights agreements and as a result, we ceased recording such liquidated damages at that time.

As of June 30, 2009, we did not owe any liquidated damages.

#### STOCK BASED COMPENSATION

Employee stock options and rights to purchase shares under stock participation plans are accounted for under the fair value method. Accordingly, share-based compensation is measured when all granting activities have been completed, generally the grant date, based on the fair value of the award. The exercise price of options is generally equal to the market price of the Company's common stock (defined as the closing price as quoted on the Over-the-Counter Bulletin Board) on the date of grant. Compensation cost recognized by the Company includes (a) compensation cost for all equity incentive awards granted prior to, but not yet vested as of April 1, 2006, based on the grant-date fair value estimated in accordance with the original provisions of SFAS No. 123, and (b) compensation cost for all equity incentive awards granted subsequent to April 1, 2006, based on the grant-date fair value estimated in accordance with the provisions of SFAS No. 123-R. We use a Binomial Lattice option pricing model for estimating fair value of options granted.

The following table summarizes the effect of share-based compensation recorded

during the quarters ended June 30, 2009 and 2008:

	June 30, 2009	June 30, 2008

We account for transactions involving services provided by third parties where we issue equity instruments as part of the total consideration using the fair value of the consideration received (i.e. the value of the goods or services) or the fair value of the equity instruments issued, whichever is more reliably measurable. In transactions, when the value of the goods and/or services are not readily determinable and (1) the fair value of the equity instruments is more reliably measurable and (2) the counterparty receives equity instruments in full or partial settlement of the transactions, we use the following methodology:

- a) For transactions where goods have already been delivered or services rendered, the equity instruments are issued on or about the date the performance is complete (and valued on the date of issuance).
- b) For transactions where the instruments are issued on a fully vested, non-forfeitable basis, the equity instruments are valued on or about the date of the contract.
- c) For any transactions not meeting the criteria in (a) or (b) above, the Company re-measures the consideration at each reporting date based on its then current stock value.

We review share-based compensation on a quarterly basis for changes to the estimate of expected award forfeitures based on actual forfeiture experience. The effect of adjusting the forfeiture rate for all expense amortization after March 31, 2006 is recognized in the period the forfeiture estimate is changed. The effect of forfeiture adjustments for the quarter ended June 30, 2009 was insignificant.

The expected volatility is based on the historic volatility. The expected life of options granted is based on the "simplified method" described in the SEC's Staff Accounting Bulletin No. 107 due to changes in the vesting terms and contractual life of current option grants compared to our historical grants.

We did not issue any stock option grants in either the June 2009 period or in the June 2008 period. Direct stock grants in each period were valued based upon the amount of compensation and the stock price at the time of grant.

At June 30, 2009, there was approximately \$544,000 of unrecognized compensation cost related to share-based payments which is expected to be recognized over a weighted average period of 1.37 years.

On June 30, 2009, our stock options had a negative intrinsic value since the closing price on that date of \$0.36 per share was below the weighted average exercise price of our stock options.

#### INCOME TAXES

Under SFAS 109, "ACCOUNTING FOR INCOME TAXES," deferred tax assets and liabilities are recognized for the future tax consequences attributable to the difference between the consolidated financial statements and their respective tax basis. Deferred income taxes reflect the net tax effects of (a) temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts reported for income tax purposes, and (b) tax credit carryforwards. We record a valuation allowance for deferred tax assets when, based on our best estimate of taxable income (if any) in the foreseeable future, it is more likely than not that some portion of the deferred tax assets may not be realized.

#### SIGNIFICANT RECENT ACCOUNTING PRONOUNCEMENTS

In December 2006, the FASB issued SFAS No. 157, "FAIR VALUE MEASUREMENTS," ("SFAS No. 157") which defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and expands disclosures about fair value measurements. SFAS No. 157 simplifies and codifies related guidance within GAAP, but does not require any new fair value measurements. The guidance in SFAS No. 157 applies to derivatives and other financial instruments measured at estimated fair value under SFAS No. 133 and related pronouncements. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. SFAS No. 157 applies to certain assets and liabilities that are being measured and reported on a fair value basis. SFAS No. 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles, and expands disclosure about fair value measurements. This Statement enables the reader of the financial statements to assess the inputs used to develop those measurements by establishing a hierarchy for ranking the quality and reliability of the information used to determine fair values. We adopted SFAS 157 on April 1, 2008 without material impact to our financial statements.

SFAS No. 157 requires that assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

In May 2008, the FASB issued FSP APB 14-1, "Accounting for Convertible Debt Instruments That May Be Settled in Cash upon Conversion (Including Partial Cash Settlement)" ("FSP APB 14-1"). FSP APB 14-1 requires recognition of both the liability and equity components of convertible debt instruments with cash settlement features. The debt component is required to be recognized at the fair value of a similar instrument that does not have an associated equity component. The equity component is recognized as the difference between the proceeds from the issuance of the note and the fair value of the liability. FSP APB 14-1 also requires an accretion of the resulting debt discount over the expected life of the debt. Retrospective application to all periods presented is required and a cumulative-effect adjustment is recognized as of the beginning of the first period presented. This standard is effective for us in the first quarter of fiscal year 2010. The adoption of FSP APB 14-1 did not have a material impact on our financial statements.

In June 2008, the FASB ratified the Emerging Issues Task Force ("EITF") Issue No. 07-5, "Determining whether an Instrument (or Embedded Feature) is indexed to an Entity's own Stock" ("EITF 07-5"). EITF 07-5 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early application is not permitted. Paragraph 11(a) of SFAS No. 133 - specifies that a contract that would otherwise meet the definition of a derivative but is both (a) indexed to our own stock and (b) classified in stockholders' equity in the statement of financial position

would not be considered a derivative financial instrument. EITF 07-5 provides a new two-step model to be applied in determining whether a financial instrument or an embedded feature is indexed to an issuer's own stock and thus able to qualify for the SFAS No. 133 paragraph 11(a) scope exception.

We adopted EITF 07-5 effective April 1, 2009. The adoption of EITF 07-5's requirements can affect the accounting for warrants or convertible debt that contain provisions that protect holders from a decline in the stock price (or "down-round" protection). For example, warrants with such provisions will no longer be recorded in equity. Down-round protection provisions reduce the exercise price of a warrant or convertible instrument if a company either issues equity shares for a price that is lower than the exercise price of those instruments or issues new warrants or convertible instruments that have a lower exercise price. We evaluated whether convertible debt or warrants to acquire stock of the Company contain provisions that protect holders from declines in the stock price or otherwise could result in modification of the exercise price and/or shares to be issued under the respective warrant agreements based on a variable that is not an input to the fair value of a "fixed-for-fixed" option. We determined that we have one convertible debt agreement in which the terms provide for a possible adjustment to the conversion price, and as such, the embedded conversion feature fails to be indexed solely to our stock under this pronouncement.

As a result, we classified the estimated fair value of the embedded conversion feature of the convertible debt agreement described above as a derivative liability on April 1, 2009 and have re-measured at estimated fair value as of June 30, 2009 with change in the estimated fair value recognized in operating results. The change in the estimated fair value of the derivative liability from the date of issuance to initial date of adoption was charged to accumulated deficit and totaled \$279,201. The embedded derivatives were valued using Level 3 inputs because there are significant unobservable inputs associated with them.

The table below sets forth a summary of changes in the fair value of our Level 3 derivative liability for the quarter ended June 30, 2009:

	Recorded Initial fair Value on April 1, 2009 -----	Change in estimated fair value recognized in results of operations -----	June 30, 2009 -----
Derivative Liability	\$ 279,201	\$ 37,434	\$ 316,635

In April 2009, the FASB issued FSP FAS 107-1/APB 28-1 ("FSP 107-1"), which is entitled "Interim Disclosures about Fair Value of Financial Instruments." This pronouncement amended SFAS No 107, Disclosures about Fair Value of Financial Instruments, to require disclosure of the carrying amount and the fair value of all financial instruments for interim reporting periods and annual financial statements of publicly traded companies (even if the financial instrument is not recognized in the balance sheet), including the methods and significant assumptions used to estimate the fair values and any changes in such methods and assumptions. FSP 107-1 also amended APB Opinion No. 28, Interim Financial Reporting, to require disclosures in summarized financial information at interim reporting periods. FSP 107-1 is effective for interim reporting periods ending after June 15, 2009, with early adoption permitted for periods ended after March 15, 2009 if a company also elects to early adopt FSP FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly, and FSP FAS 115-2/FAS 124-2, Recognition and Presentation of Other-Than-Temporary Impairments. We adopted this pronouncement without material impact to our financial statements.

In April 2009, the FASB also issued FSP FAS 157-4, which generally applies to all assets and liabilities within the scope of any accounting pronouncements that require or permit fair value measurements. This pronouncement, which does not change SFAS No. 157's guidance regarding Level 1 inputs, requires the entity to (i) evaluate certain factors to determine whether there has been a significant decrease in the volume and level of activity for the asset or liability when compared with normal market activity, (ii) consider whether the preceding indicates that transactions or quoted prices are not determinative of fair value and, if so, whether a significant adjustment thereof is necessary to estimate fair value in accordance with SFAS No. 157, and (iii) ignore the intent to hold the asset or liability when estimating fair value. FSP FAS 157-4 also provides guidance to consider in determining whether a transaction is orderly (or not orderly) when there has been a significant decrease in the volume and level of activity for the asset or liability, based on the weight of available evidence. This pronouncement is effective for interim and annual reporting periods ending after June 15, 2009, and shall be applied prospectively. Early adoption of FSP FAS 157-4 also requires early adoption of the pronouncement

described in the following paragraph. However, early adoption for periods ended before March 15, 2009 is not permitted. We adopted this pronouncement without material impact to our financial statements.

In April 2009, the FASB issued FSP FAS 115-2 and 124-2 (hereinafter referred to as "FAS 115-2/124-2"), which amends the other-than-temporary impairment ("OTTI") recognition guidance in certain existing U.S. GAAP (including SFAS No. 115 and 130, FSP FAS 115-1/FAS 124-1, and EITF Issue 99-20) for debt securities classified as available-for-sale and held-to-maturity. FAS 115-2/124-2 requires the entity to consider (i) whether the entire amortized cost basis of the security will be recovered (based on the present value of expected cash flows), and (ii) its intent to sell the security. Based on the factors described in the preceding sentence, this pronouncement also explains the process for determining the OTTI to be recognized in "other comprehensive income" (generally, the impairment charge for other than a credit loss) and in earnings. FAS 115-2/124-2 does not change existing recognition or measurement guidance related to OTTI of equity securities. This pronouncement is effective as described in the preceding paragraph. Certain transition rules apply to debt securities held at the beginning of the interim period of adoption when an OTTI was previously recognized. If an entity early adopts either FSP 107-1 or FSP FAS 157-4, the entity is also required to early adopt this pronouncement. In addition, if an entity early adopts FAS 115-2/124-2, it is also required to early adopt FSP FAS 157-4. We adopted this pronouncement without material impact to our financial statements.

In November 2007, the EITF issued a consensus on EITF 07-1, "Accounting for Collaborative Arrangements" ("EITF 07-1"). The Task Force reached a consensus on how to determine whether an arrangement constitutes a collaborative arrangement, how costs incurred and revenue generated on sales to third parties should be reported by the partners to a collaborative arrangement in each of their respective income statements, how payments made to or received by a partner pursuant to a collaborative arrangement should be presented in the income statement, and what participants should disclose in the notes to the financial statements about a collaborative arrangement. This issue shall be effective for annual periods beginning after December 15, 2008. Entities should report the effects of applying this Issue as a change in accounting principle through retrospective application to all periods to the extent practicable. Upon application of this issue, the following should be disclosed: a) a description of the prior-period information that has been retrospectively adjusted, if any, and b) the effect of the change on revenue and operating expenses (or other appropriate captions of changes in the applicable net assets or performance indicator) and on any other affected financial statement line item. We adopted this pronouncement without material impact to our financial statements.

In December 2007, the FASB issued SFAS No. 141 (revised 2007), "Business Combinations" ("SFAS 141(R)"). This statement requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date. SFAS 141(R) replaces the cost-allocation process of SFAS No. 141, "Business Combinations" ("SFAS 141") which required the cost of an acquisition to be allocated to the individual assets acquired and liabilities assumed based on their estimated fair values. This statement applies prospectively and is effective for annual periods beginning after December 15, 2008. Earlier adoption is prohibited. We adopted this pronouncement without material impact to our financial statements.

In May 2009, the FASB issued SFAS No. 165, Subsequent Events, ("SFAS 165") which establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before the financial statements are issued or are available to be issued. It requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date. We adopted SFAS 165 beginning April 1, 2009. The adoption of SFAS 165 did not have a material impact on our consolidated financial position, results of operations or cash flows. We have evaluated subsequent events through August 13, 2009, the day before our condensed consolidated financial statements were issued. See Note 1 and Note 9.

The Sarbanes-Oxley Act of 2002 ("the Act") introduced new requirements regarding corporate governance and financial reporting. Among the many requirements of the Act is for management to annually assess and report on the effectiveness of its internal control over financial reporting under Section 404(a) and for its registered public accountant to attest to this report under Section 404(b). The SEC has modified the effective date and adoption requirements of Section 404(a) and Section 404(b) implementation for non-accelerated filers multiple times, such that we were required to issue our management report on internal control over financial reporting in this annual report on Form 10-K for the fiscal year ended March 31, 2009. Based on current SEC requirements, we will be required to have our auditor attest the effectiveness of internal controls over financial reporting for our fiscal year ending March 31, 2010.

Emerging Issues Task Force), the American Institute of Certified Public Accountants, and the Securities and Exchange Commission did not or are not believed by management to have a material impact on the Company's present or future consolidated financial statements.

NOTE 4. NOTES PAYABLE

Notes payable consist of the following at June 30, 2009:

	Face Amount of Notes Payable	Note Discounts	Notes Payable, Net of Discounts
	-----	-----	-----
12% Notes payable, all past due	\$ 297,500	--	\$ 297,500
10% Note payable, past due	5,000	--	5,000

Notes payable consisted of the following at March 31, 2009:

	Face Amount of Notes Payable	Note Discounts	Notes Payable, Net of Discounts
	-----	-----	-----
12% Notes payable, all past due	\$ 297,500	--	\$ 297,500
10% Note payable, past due	5,000	--	5,000
	-----	-----	-----
Total Notes Payable	\$ 302,500	(\$ --)	\$ 302,500
	=====	=====	=====

During the fiscal year ended March 31, 2009, we restructured our 8% and 9% Notes and for accounting purposes, we recorded an extinguishment loss of approximately \$977,000 (See Note 5 for further description). Our plans to satisfy the remaining outstanding balance on the 12% and 10% Notes include repayment with available funds or converting the notes to common stock at market value.

NOTE PAYABLE TO LAW FIRM

On May 20 2009, we entered into a Promissory Note with our intellectual property law firm for the amount of \$24,001, which represented the amount we owed to that firm. The Promissory Note calls for monthly payments of \$4,000 from June 2009 through November 2009. We made the June payment, which reduced that balance at June 30, 2009 to \$20,001. The note bears interest at 10% per annum.

12% NOTES

From August 1999 through May 2005, we entered into various borrowing arrangements for the issuance of notes payable from private placement offerings (the "12% Notes"). On January 26, 2009, a holder of \$50,000 of the 12% Notes converted his principal balance and \$56,723 of accrued interest to common stock at the then current market price of \$0.17 per share. At June 30, 2009, 12% Notes with a principal balance of \$297,500 are outstanding, all which are past due, in default, and bearing interest at the default rate of 15%. At June 30, 2009, interest payable on the 12% Notes totaled \$296,750.

10% NOTES

From time to time, we issued notes payable ("10% Notes") to various investors, bearing interest at 10% per annum, with principal and interest due six months from the date of issuance. The 10% Notes required no payment of principal or interest during the term. The total amount of the original notes issued was \$275,000. One 10% Note in the amount of \$5,000, which is past due and in default, remains outstanding at June 30, 2009. At June 30, 2009, interest payable on this note totaled \$4,000.

Management's plans to satisfy the remaining outstanding balance on these 12% and 10% Notes include converting the notes to common stock at market value or repayment with available funds.

NOTE 5. CONVERTIBLE NOTES PAYABLE

Convertible Notes Payable consist of the following at June 30, 2009:

</TABLE>

#### AMENDED SERIES A 10% CONVERTIBLE NOTES

At June 30, 2009, \$900,000 of the Amended Series A 10% Convertible Notes remained outstanding and in default. At June 30, 2009, interest payable on those notes totaled \$67,500.

#### 2008 10% CONVERTIBLE NOTES

2008 10% Convertible Notes in the aggregate amount of \$45,000 remain outstanding at June 30, 2009. At June 30, 2009, interest payable on those notes totaled \$4,103.

#### DECEMBER 2006 10% CONVERTIBLE NOTES

At June 30, 2009, \$17,000 of the December 10% Notes remained outstanding and in default. At June 30, 2009, interest payable on those notes totaled \$6,233.

#### RESTRUCTURED DECEMBER 2008 10% CONVERTIBLE NOTES AND RELATED CONVERTIBLE NOTES

Restructured December 2008 10% Convertible Notes and Related Convertible Notes in the aggregate amount of \$570,157 remain outstanding at June 30, 2009. No accrued interest was outstanding at June 30, 2009.

In June 2009, the holders of the Restructured December 2008 10% Convertible Notes and Related Convertible Notes informally agreed to extend the expiration date of the notes by three months from July 1, 2009 to October 1, 2009.

#### MAY & JUNE 2009 10% CONVERTIBLE NOTES

In May and June 2009, we raised an aggregate amount of \$350,000 from the sale to accredited investors of 10% convertible notes ("May & June 10% Convertible Notes"). The May & June 10% Convertible Notes mature at various dates between November 2010 through December 2010 and are convertible into our common stock at a fixed conversion price of \$0.20 per share prior to maturity. If the investors opt to convert their convertible debt to our common stock, then they will receive a matching three year warrant to purchase unregistered shares of our common stock at a price of \$0.20 per share. We have measured the warrants but have not recorded them given their contingent terms.

After consideration of the warrants, we recorded a discount associated with the beneficial conversion feature of \$233,735 related to the May & June 10% Convertible Notes and we are amortizing that discount over the terms of the May & June 10% Convertible Notes using the effective interest method. The BCF calculation included valuing the potential issuance of warrants if the investors choose to convert their debt instruments to our common stock per the guidance of EITF 00-27.

At June 30, 2009, interest payable on those notes totaled \$2,772.

#### NOTE 6. EQUITY TRANSACTIONS

In April 2009, we issued 71,519 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.17 per share in payment for financial consulting services and research services valued

at \$12,158 based on the value of the services.

In April 2009, we issued 1,688,211 shares of common stock as a result of conversions of \$263,478 of convertible notes payable and related accrued interest. The shares were issued to accredited investors.

In April 2009, an accredited investor exercised a warrant to purchase 555,556 shares of our common stock at the agreed strike price of \$0.18 per share for cash proceeds of \$100,000. We issued that investor a five year warrant to purchase 555,556 shares at \$0.18 per share and a conditional warrant to purchase a like number of shares at the same strike price if that warrant is exercised.

In April 2009, we issued 490,000 shares of restricted common stock valued at the closing price in payment for investor relations services.

In April 2009, we issued 25,000 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.22 per share in payment for business development consulting services valued at \$5,500 based on the value of the services provided.

In April 2009, we issued 32,935 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.23 per share in payment for internal controls consulting services valued at \$7,575 based on the value of the services provided.

In April 2009, we issued 12,372 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.22 per share in payment for regulatory affairs consulting services valued at \$2,660 based on the value of the services provided.

In April 2009, we issued 80,000 shares of restricted common stock and warrants to purchase 80,000 shares of common stock in exchange for \$15,200. The shares were issued to an accredited investor.

In April 2009, we issued 43,021 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.17 per share in payment for financial consulting services valued at \$7,744 based on the value of the services provided.

In April 2009, we issued 70,870 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.20 per share in payment for legal services valued at \$14,500 based on the value of the services provided.

In April 2009, we issued 22,817 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.24 per share in payment for business development consulting services valued at \$5,500 based on the value of the services provided.

In May 2009, holders of certain convertible notes converted \$139,256 of principal and accrued interest into 878,059 shares of our common stock per the terms of the notes at an average conversion rate of approximately \$0.16 per share.

In May 2009, we issued 13,043 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.23 per share in payment for regulatory affairs consulting services valued at \$3,000 based on the value of the services provided.

In May 2009, we issued 10,714 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.28 per share in payment for regulatory affairs consulting services valued at \$3,000 based on the value of the services provided.

In May 2009, we issued 51,118 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.19 per share in payment for financial consulting services valued at \$9,713 based on the value of the services provided.

In May 2009, we issued 22,000 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.25 per share in payment for business development consulting services valued at \$5,500 based on the value of the services provided.

In May 2009, we issued 34,602 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.22 per share in payment for financial consulting services valued at \$7,613 based on the value of the services provided.

In May 2009, we issued 40,104 shares of restricted common stock at \$0.24 in

payment for financial advisory services valued at \$9,625 based on the value of the services provided.

In May 2009, we issued 22,917 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.24 per share in payment for business development consulting services valued at \$5,500 based on the value of the services provided.

In June 2009, we issued 20,500 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.24 per share in payment for regulatory affairs consulting services valued at \$4,920 based on the value of the services provided.

In June 2009, we issued 57,055 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.22 per share in payment for scientific and financial consulting services valued at \$12,552 based on the value of the services provided.

In June 2009, we issued 22,917 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.24 per share in payment for business development consulting services valued at \$5,500 based on the value of the services provided.

In June 2009, we issued 23,000 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.23 per share in payment for regulatory affairs consulting services valued at \$5,290 based on the value of the services provided.

In June 2009, we issued 48,106 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.22 per share in payment for scientific and financial consulting services valued at \$10,583 based on the value of the services provided.

In June 2009, we issued 779,956 shares of common stock as a result of conversions of \$143,512 of convertible notes payable and related accrued interest. The shares were issued to accredited investors.

In June 2009, we issued 16,176 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.34 per share in payment for business development consulting services valued at \$5,500 based on the value of the services provided.

On June 29, 2009, Mr. Joyce, our Chief Executive Officer entered into an Option Suspension Agreement, whereby Mr. Joyce has agreed to not exercise his stock options pending the filing of amended articles of incorporation of the Company increasing the Company's authorized capital. Accordingly of Mr. Joyce's total options, 2,857,143 cannot be exercised until the amended articles of incorporation are filed, and 6,731,090 cannot be exercised until the later of June 9, 2010 or the filing of the amended articles of incorporation. The Agreement also provides Mr. Joyce certain protections in the event the Company shall undergo a change of control transaction while his options are suspended. Such protections include the right to receive, in the form of cash payments, the positive value of his options (which remain subject to suspension) at the time of such transaction. A copy of the Option Suspension Agreement was filed as an Exhibit to our Form 10-K for the fiscal year ended March 31, 2009 and is incorporated by reference as an Exhibit to this Report.

In addition, we committed to issue 4,000,000 shares of restricted common stock, to Mr. Joyce at a price per share of \$0.24, which shall vest in equal installments over a thirty six month period commencing June 9, 2010; however such shares will not be issued until the filing of the amended articles of incorporation.

#### NOTE 7. OTHER CURRENT LIABILITIES

At June 30, 2009 and March 31, 2009, our other current liabilities were comprised of the following items:

	June 30, 2009	March 31, 2009
Accrued interest	\$ 401,870	\$ 352,204
Accrued legal fees	211,865	211,865
Other	87,278	115,429
	-----	-----
Total other current liabilities	\$ 701,013	\$ 679,498
	=====	=====

As of the date of this report, various promissory and convertible notes payable in the aggregate principal amount of \$1,219,500 have reached maturity and are

past due. We are continually reviewing other financing arrangements to retire all past due notes. At June 30, 2009, we had accrued interest in the amount of \$381,983 associated with these notes in accrued liabilities payable.

#### NOTE 8. COMMITMENTS AND CONTINGENCIES

##### LEGAL MATTERS

From time to time, claims are made against us in the ordinary course of business, which could result in litigation. Claims and associated litigation are subject to inherent uncertainties and unfavorable outcomes could occur, such as monetary damages, fines, penalties or injunctions prohibiting us from selling one or more products or engaging in other activities. The occurrence of an unfavorable outcome in any specific period could have a material adverse effect on our results of operations for that period or future periods. We are not presently a party to any pending or threatened legal proceedings.

##### OTHER

We have not filed our income tax returns for certain prior periods. Whereas we are in the process of remediating this matter, we may be subject to penalties; however, those amounts are not expected to be significant.

#### NOTE 9. SUBSEQUENT EVENTS

In July 2009, we issued 518,649 shares of common stock as a result of conversions of \$100,566 of convertible notes payable and related accrued interest. The shares were issued to accredited investors.

In July 2009, we issued 18,333 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.30 per share in payment for business development consulting services valued at \$5,500 based on the value of the services provided.

In July 2009, we issued 51,971 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.28 per share in payment for legal services valued at \$14,500 based on the value of the services provided.

In July 2009, we issued 11,647 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.34 per share in payment for regulatory affairs consulting services valued at \$3,960 based on the value of the services provided.

In July 2009, we issued 19,643 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.28 per share in payment for business development consulting services valued at \$5,500 based on the value of the services provided.

In July 2009, we issued a convertible promissory note in the principal amount of \$330,000 to an accredited investor. The note is convertible into shares of our common stock at a price per share that is equal to the lesser of (i) \$0.25, or (ii) the average of the closing bid prices of the common stock for the three days immediately preceding the conversion date, subject in any case to a floor of \$0.15 per share. The investor also received warrants to purchase 600,000 shares of our common stock at an exercise price of \$0.50 per share.

In August 2009, we issued 21,154 shares of common stock pursuant to our S-8 registration statement covering our 2003 Consultant Stock Plan at \$0.26 per share in payment for business development consulting services valued at \$5,500 based on the value of the services provided.

#### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion of our financial condition and results of operations should be read in conjunction with, and is qualified in its entirety by the condensed consolidated financial statements and notes thereto, included in Item 1 in this Quarterly Report on Form 10-Q. This item contains forward-looking statements that involve risks and uncertainties. Actual results may differ materially from those indicated in such forward-looking statements.

##### FORWARD LOOKING STATEMENTS

All statements, other than statements of historical fact, included in this Form 10-Q are, or may be deemed to be, "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended ("the Securities Act"), and Section 21E of the Exchange Act. Such forward-looking statements involve assumptions, known and unknown risks, uncertainties and other

factors which may cause the actual results, performance, or achievements of Aethlon Medical, Inc. ("we", "us" or "the Company") to be materially different from any future results, performance, or achievements expressed or implied by such forward looking statements contained in this Form 10-Q. Such potential risks and uncertainties include, without limitation, completion of our capital-raising activities, FDA approval of our products, other regulations, patent protection of our proprietary technology, product liability exposure, uncertainty of market acceptance, competition, technological change, and other risk factors detailed herein and in other of our filings with the Securities and Exchange Commission. The forward-looking statements are made as of the date of this Form 10-Q, and we assume no obligation to update the forward-looking statements, or to update the reasons actual results could differ from those projected in such forward-looking statements.

#### THE COMPANY

We are a developmental stage medical device company focused on expanding the applications of our Hemopurifier(R) platform technology which is designed to rapidly reduce the presence of infectious viruses and other toxins from human blood. As such, we focus on developing therapeutic devices to treat acute viral conditions brought on by pathogens targeted as potential biological warfare agents and chronic viral conditions including HIV/AIDS and Hepatitis-C. The Hemopurifier(R) combines the established scientific technologies of hemodialysis and affinity chromatography as a means to mimic the immune system's response of clearing viruses and toxins from the blood before cell and organ infection can occur. The Hemopurifier(R) cannot cure these afflictions but can lower viral loads and allow compromised immune systems to overcome otherwise serious or fatal medical conditions.

#### WHERE YOU CAN FIND MORE INFORMATION

We are subject to the informational requirements of the Securities Exchange Act and must file reports, proxy statements and other information with the SEC. The reports, information statements and other information we file with the Commission can be inspected and copied at the Commission Public Reference Room, 450 Fifth Street, N.W. Washington, D.C. 20549. You may obtain information on the operation of the Public Reference Room by calling the SEC at (800) SEC-0330. The Commission also maintains a Web site <http://www.sec.gov> that contains reports, proxy, and information statements and other information regarding registrants, like us, which file electronically with the Commission. #### RESULTS OF OPERATIONS

THREE MONTHS ENDED JUNE 30, 2009 COMPARED TO THE THREE MONTHS ENDED JUNE 30, 2008

##### Operating Expenses

Consolidated operating expenses for the three months ended June 30, 2009 were \$641,955 in comparison with \$623,659 for the comparable quarter a year ago. This increase of \$18,296, or 3%, was due to an increase in professional fees of \$75,578, which was partially offset by decreases in payroll & related expenses of \$25,689 and a decrease in general and administrative expenses of \$31,593.

The \$75,578 increase in our professional fees was primarily due to a \$68,446 increase in our fees paid to two investor relations firms. \$64,700 of those expenses were non-cash in nature as we paid those firms in restricted stock. Additionally, we incurred \$33,000 of expenses for business development consulting in the quarter ended June 30, 2009 and there was no such expense in the quarter ended June 30, 2008. These increases in professional fees were offset by a \$21,790 decrease in scientific consulting expense and a \$15,444 decrease in accounting fees,

19

The \$25,689 decrease in payroll and related expenses was due to a \$90,054 decrease in cash-based compensation, which was partially offset by a \$64,364 increase in non-cash stock-based compensation expense.

The \$31,593 decrease in general and administrative expenses was due primarily to decreases in insurance expense of \$8,901, in licenses and permits of \$5,850, in lab supplies of \$5,841, in trade show expense of \$3,137 and in travel expense of \$2,971.

##### Other Expenses (Income)

Other expenses (income) consist primarily of the change in the fair value of our derivative liability, interest expense and other expense. Other expenses for the three months ended June 30, 2009 were \$353,984 in comparison with \$375,156 for

the comparable quarter a year ago. Both periods includes changes in the fair value of derivative liability. For the three months ended June 30, 2009, the change in the estimated fair value of derivative liability was an expense of \$(37,434) and for the three months ended June 30, 2008, the change in estimated fair value was a gain of \$187,692.

Interest expense was \$316,657 for the three months ended June 30, 2009 compared to \$562,848, a decrease of \$246,191. The various components of our interest expense are shown in the following table:

<TABLE>

	Quarter Ended 6/30/09	Quarter Ended 6/30/08	Change
Actual Interest Expense	\$ 79,624	\$ 62,806	\$ 16,818
Amortization of Deferred Offering Costs	--	38,250	(38,250)
Amortization of Note Discounts	232,999	463,187	(230,188)
Finance Charges from Vendors	4,034	4,105	(70)
Other	--	(5,500)	5,500
Total Interest Expense	316,657	562,848	(246,191)

</TABLE>

As noted in the above table, the primary factor in the \$246,191 reduction in interest expense was the \$230,188 reduction in amortization of note discounts. This occurred because most of our note discounts were fully amortized as of March 31, 2009.

#### Net Loss

As a result of the increased expenses noted above, we recorded a consolidated net loss of approximately \$996,000 and \$999,000 for the quarters ended June 30, 2009 and 2008, respectively.

Basic and diluted loss per common share were (\$0.02) for the three month period ended June 30, 2009 compared to (\$0.03) for the period ended June 30, 2008.

#### LIQUIDITY AND CAPITAL RESOURCES

To date, we have funded our capital requirements for the current operations from net funds received from the public and private sale of debt and equity securities, as well as from the issuance of common stock in exchange for services. Our cash position at June 30, 2009 was approximately \$90,000 compared to approximately \$6,000, at March 31, 2009, representing an increase of approximately \$84,000. During the three months ended June 30, 2009, operating activities used net cash of approximately \$366,000, while we received \$450,000 from financing activities from the issuance of common stock and convertible notes.

During the three month period ended June 30, 2009, net cash used in operating activities was approximately (\$366,000) and resulted from the approximate net loss of \$996,000, offset by the change in the estimated fair value of derivative liability of approximately \$37,000, the amortization of note discounts of \$42,000, fair market value of common stock of approximately \$129,000 issued in payment for services and approximately \$194,000 in stock-based compensation.

An increase in working capital during the three months ended June 30, 2009 in the amount of approximately \$231,000 changed our negative working capital position to approximately (\$3,873,000) at June 30, 2009 from a negative working capital of approximately (\$4,104,000) at March 31, 2009.

Our current deficit in working capital requires us to obtain funds in the short-term to be able to continue in business, and in the longer term to fund research and development on products not yet ready for market. Subsequent to June 30, 2009, we raised an additional \$300,000 through the sale to an accredited investor of a convertible note and common stock purchase warrants however, we continue to seek additional financing.

Our operations to date have consumed substantial capital without generating revenues, and will continue to require substantial capital funds to conduct necessary research and development and pre-clinical and clinical testing of Hemopurifier(R) products, and to market any of those products that receive regulatory approval. We do not expect to generate revenue from operations for the foreseeable future, and our ability to meet our cash obligations as they become due and payable is expected to depend for at least the next several years on our ability to sell securities, borrow funds or a combination thereof. Our

future capital requirements will depend upon many factors, including progress with pre-clinical testing and clinical trials, the number and breadth of our programs, the time and costs involved in preparing, filing, prosecuting, maintaining and enforcing patent claims and other proprietary rights, the time and costs involved in obtaining regulatory approvals, competing technological and market developments, and our ability to establish collaborative arrangements, effect successful commercialization strategies, marketing activities and other arrangements. We expect to continue to incur increasing negative cash flows and net losses for the foreseeable future, and presently require a minimum of \$150,000 per month to sustain operations.

We do not believe that inflation has had or is likely to have any material impact on our limited operations.

At the date of this filing, we plan to purchase significant amounts of equipment and hire significant numbers of employees subject to successfully raising additional capital.

We are a development stage medical device company that has not yet engaged in significant commercial activities. The primary focus of our resources is the advancement of our proprietary Hemopurifier(R) platform treatment technology, which is designed to rapidly reduce the presence of infectious viruses and toxins in human blood. Our focus is to prepare our Hemopurifier(R) to treat chronic viral conditions, acute viral conditions and viral-based bioterror threats in human clinical trials.

We plan to continue research and development activities related to our Hemopurifier(R) platform technology, with particular emphasis on the advancement of our treatment for "Category A" pathogens as defined by the Federal Government under Project Bioshield and the All Hazards Preparedness Act of 2006. The Company has filed an Investigational Device Exemption ("IDE") with the FDA in order to proceed with Human safety studies of the Hemopurifier(R). Such studies, complemented by planned IN VIVO and appropriate animal IN VITRO studies should allow us to proceed to the Premarket Approval ("PMA") process. The PMA process is the last major FDA hurdle in determining the safety and effectiveness of Class III medical Devices (of which the Hemopurifier(R) is one).

Subject to the availability of working capital, we anticipate continuing to increase spending on research and development over the next 12 months. Additionally, associated with our anticipated increase in research and development expenditures, we anticipate purchasing additional amounts of equipment during this period to support our laboratory and testing operations. Operations to date have consumed substantial capital without generating revenues, and will continue to require substantial and increasing capital funds to conduct necessary research and development and pre-clinical and clinical testing of our Hemopurifier(R) products, as well as market any of those products that receive regulatory approval. We do not expect to generate revenue from operations for the foreseeable future, and our ability to meet our cash obligations as they become due and payable is dependent for at least the next several years on our ability to sell securities, borrow funds or a combination thereof. Future capital requirements will depend upon many factors, including progress with pre-clinical testing and clinical trials, the number and breadth of our clinical programs, the time and costs involved in preparing, filing, prosecuting, maintaining and enforcing patent claims and other proprietary rights, the time and costs involved in obtaining regulatory approvals, competing technological and market developments, as well as our ability to establish collaborative arrangements, effective commercialization, marketing activities and other arrangements. We expect to continue to incur increasing negative cash flows and net losses for the foreseeable future.

#### CRITICAL ACCOUNTING POLICIES

The preparation of condensed consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company to make a number of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Such estimates and assumptions affect the reported amounts of expenses during the reporting period. On an ongoing basis, we evaluate estimates and assumptions based upon historical experience and various other factors and circumstances. We believe our estimates and assumptions are reasonable in the circumstances; however, actual results may differ from these estimates under different future conditions.

We believe that the estimates and assumptions that are most important to the portrayal of our financial condition and results of operations, in that they require the most difficult, subjective or complex judgments, form the basis for the accounting policies deemed to be most critical to us. These critical accounting policies relate to measurement of stock purchase warrants issued with notes payable, beneficial conversion feature of convertible notes payable,

impairment of intangible assets and long lived assets, stock compensation, and the classification of warrant obligations, and evaluation of contingencies. We believe estimates and assumptions related to these critical accounting policies are appropriate under the circumstances; however, should future events or occurrences result in unanticipated consequences, there could be a material impact on our future financial conditions or results of operations.

There have been no changes to our critical accounting policies as disclosed in our Form 10-K for the year ended March 31, 2009.

#### OFF-BALANCE SHEET ARRANGEMENTS

There are no guarantees, commitments, lease and debt agreements or other agreements that could trigger an adverse change in our credit rating, earnings, cash flows or stock price, including requirements to perform under standby agreements.

22

#### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Not applicable.

#### ITEM 4T. CONTROLS AND PROCEDURES.

##### DISCLOSURE CONTROLS AND PROCEDURES

Under the supervision and with the participation of our management, including our Chief Executive Officer ("CEO"), who is also our acting Chief Financial Officer ("CFO"), we evaluated the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) of the Exchange Act as of the end of the period covered by this Quarterly Report (the "Evaluation Date").

Based on such evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of the end of such period, our disclosure controls and procedures are effective in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by us in the reports that we file or submit under the Exchange Act and are effective in ensuring that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

##### INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. The Company's internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the registrant's annual or interim financial statements will not be prevented or detected on a timely basis.

The Company's management, with the participation of its Chief Executive Officer, assessed the effectiveness of the Company's internal control over financial reporting as of March 31, 2009. In making this assessment, the Company used the criteria set forth by the Committee of Sponsoring Organizations of The Treadway Commission (COSO) in Internal Control-Integrated Framework. Based on that assessment under such criteria, management concluded that the Company's internal control over financial reporting was not effective as of March 31, 2009 due to control deficiencies that constituted material weaknesses. Such material weakness continued to exist for the period ended June 30, 2009.

Management in assessing its internal controls and procedures for the fiscal period covered by this Report identified a lack of sufficient segregation of duties, particularly in cash disbursements. Specifically, this material weakness is such that the design of controls over the area of cash disbursements relies primarily on detective controls and could be strengthened by adding preventative controls to properly safeguard company assets.

Management has identified a lack of sufficient personnel in the accounting function due to the limited resources of the Company with appropriate skills, training and experience to perform the review processes to ensure the complete and proper application of generally accepted accounting principles, particularly as it relates to taxes. Specifically, this material weakness led to

segregation of duties issues and resulted in audit adjustments to the annual consolidated financial statements and revisions to related disclosures, including tax reporting.

We are in the process of developing and implementing remediation plans to address the material weaknesses.

Management has identified specific remedial actions to address the material weaknesses described above:

- o Improve the effectiveness of the accounting group by continuing to augment existing Company resources with additional consultants or employees to improve segregation procedures and to assist in the analysis and recording of complex accounting transactions and preparation of tax disclosures. The Company plans to mitigate the segregation of duties issues by hiring additional personnel in the accounting department once the Company has achieved commercialization of its products and is generating revenue, or has raised significant additional working capital.
- o Improve segregation procedures by strengthening cross approval of various functions including cash disbursements and quarterly internal audit procedures where appropriate.

Due to its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

#### CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

Since our evaluation as of March 31, 2009 we have had no significant changes in our internal controls.

## PART II -- OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS.

From time to time, claims are made against us in the ordinary course of business, which could result in litigation. Claims and associated litigation are subject to inherent uncertainties and unfavorable outcomes could occur, such as monetary damages, fines, penalties or injunctions prohibiting us from selling one or more products or engaging in other activities. The occurrence of an unfavorable outcome in any specific period could have a material adverse effect on our results of operations for that period or future periods. We are not presently a party to any pending or threatened legal proceedings.

### ITEM 1A. RISK FACTORS.

Not applicable.

### ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

During the first quarter of 2009, we issued the following securities which were not registered under the Securities Act of 1933, as amended. We did not employ any form of general solicitation or advertising in connection with the offer and sale of the securities described below. In addition, we believe the purchasers of the securities are "ACCREDITED INVESTORS" for the purpose of Rule 501 of the Securities Act. For these reasons, among others, the offer and sale of the following securities were made in reliance on the exemption from registration provided by Section 4(2) of the Securities Act or Regulation D promulgated by the SEC under the Securities Act:

In April 2009, we issued 1,688,211 shares of common stock as a result of conversions of \$263,478 of convertible notes payable and related accrued interest. The shares were issued to accredited investors.

In April 2009, an accredited investor exercised a warrant to purchase 555,556 shares of our common stock at the agreed strike price of \$0.18 per share for cash proceeds of \$100,000. We issued that investor a five year warrant to purchase 555,556 shares at \$0.18 per share and a conditional warrant to purchase a like number of shares at the same strike price if that warrant is exercised.

In April 2009, we issued 490,000 shares of restricted common stock valued at the closing price in payment for investor relations services. We believe the recipients of the shares is an accredited investor.

In April 2009, we issued 80,000 shares of restricted common stock and warrants to purchase 80,000 shares of common stock in exchange for \$15,200. The shares were issued to an accredited investor.

In May 2009, holders of certain convertible notes converted \$139,256 of principal and accrued interest into 878,059 shares of our common stock per the terms of the notes at an average conversion rate of approximately \$0.16 per share.

In May 2009, we issued 40,104 shares of restricted common stock at \$0.24 in payment for financial advisory services valued at \$9,625 based on the value of the services provided. We believe the recipients of the shares is an accredited investor.

In June 2009, we issued 779,956 shares of common stock as a result of conversions of \$263,478 of convertible notes payable and related accrued interest. The shares were issued to accredited investors.

In July 2009, we issued a convertible promissory note in the principal amount of \$330,000 to an accredited investor. The note is convertible into shares of our common stock at a price per share that is equal to the lesser of (i) \$0.25, or (ii) the average of the closing bid prices of the common stock for the three days immediately preceding the conversion date, subject in any case to a floor of \$0.15 per share. The investor also received warrants to purchase 600,000 shares of our common stock at an exercise price of \$0.50 per share. The proceeds from the sale of the note and warrants will be used for general working capital purposes.

#### ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

As of the date of this report, various promissory and convertible notes payable in the aggregate principal amount of \$1,219,500 have reached maturity and are past due. We are continually reviewing other financing arrangements to retire all past due notes. Additionally, on July 30, 2008, the holders of the Amended Series A Convertible Notes notified us that we were in default on the notes due to our failure to register the warrants by March 31, 2008 and for failing to make required interest payments. At June 30, 2009, we had accrued interest in the amount of \$381,983 associated with these notes and accrued liabilities payable.

24

#### ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

None.

#### ITEM 5. OTHER INFORMATION.

In July 2009, we issued a convertible promissory note in the principal amount of \$330,000 to an accredited investor. The note is convertible into shares of our common stock at a price per share that is equal to the lesser of (i) \$0.25, or (ii) the average of the closing bid prices of the common stock for the three days immediately preceding the conversion date, subject in any case to a floor of \$0.15 per share. The investor also received warrants to purchase 600,000 shares of our common stock at an exercise price of \$0.50 per share. The proceeds from the sale of the note and warrants will be used for general working capital purposes. No fees or commissions were paid in connection with the sale of the note and warrants.

CONVERTIBLE NOTE  
- - - - -

FOR VALUE RECEIVED, AETHLON MEDICAL, INC., a Nevada corporation (hereinafter called "Borrower"), hereby promises to pay to \_\_\_\_\_ (the "Holder") or order, without demand, the sum of \_\_\_\_\_ Thousand Dollars (\$ \_\_\_\_\_ .00), with interest accruing thereon, on July 10, 2010 (the "Maturity Date"), if not retired sooner.

ARTICLE I

GENERAL PROVISIONS

1.1 INTEREST RATE. Interest payable on this Note shall accrue at the annual rate of ten percent (10%) and be payable on the last day of each calendar quarter and on the Maturity Date, accelerated or otherwise, when the principal and remaining accrued but unpaid interest shall be due and payable, or sooner as described below.

1.2 PAYMENT GRACE PERIOD. The Borrower shall have a five (5) day grace period to pay any monetary amounts due under this Note, after which grace period a default interest rate of fifteen percent (15%) per annum.

1.3 CONVERSION PRIVILEGES. The Conversion Privileges set forth in Article II shall remain in full force and effect immediately from the date hereof and until the Note is paid in full regardless of the occurrence of an Event of Default. The Note shall be payable in full on the Maturity Date, unless previously converted into Common Stock in accordance with Article II hereof; provided, that if an Event of Default has occurred, the Borrower may not pay this Note, without the consent of the Holder, until one year after the later of the date the Event of Default has been cured or one year after the Maturity Date.

1.4 WARRANT ISSUANCE. In connection with this Note, the Borrower agrees to issue the Holder a warrant to purchase \_\_\_\_\_ shares of its Common Stock, \$.001 par value per share ("Common Stock") with a strike price of \$0.50 per share and an expiration date of July 9, 2012.

ARTICLE II

CONVERSION RIGHTS

The Holder shall have the right to convert the principal and any interest due under this Note into Shares of the Borrower's Common Stock as set forth below.

1

2.1. CONVERSION INTO THE BORROWER'S COMMON STOCK.

(a) The Holder shall have the right from and after the date of the issuance of this Note and then at any time until this Note is fully paid, to convert any outstanding and unpaid principal portion of this Note, and accrued interest, at the election of the Holder (the date of giving of such notice of conversion being a "Conversion Date") into fully paid and nonassessable shares of Common Stock as such stock exists on the date of issuance of this Note, or any shares of capital stock of Borrower into which such Common Stock shall hereafter be changed or reclassified, at the conversion price as defined in Section 2.1(b) hereof (the "Conversion Price"), determined as provided herein. Upon delivery to the Borrower of a completed Notice of Conversion, a form of which is annexed hereto as Exhibit A, Borrower shall issue and deliver to the Holder within three (3) business days after the Conversion Date (such third day being the "Delivery Date") that number of shares of Common Stock for the portion of the Note converted in accordance with the foregoing. At the election of the Holder, the Borrower will deliver accrued but unpaid interest on the Note, if any, through the Conversion Date directly to the Holder on or before the Delivery Date. The number of shares of Common Stock to be issued upon each conversion of this Note shall be determined by dividing that portion of the principal of the Note and interest, if any, to be converted, by the Conversion

Price.

(b) Subject to adjustment as provided in Section 2.1(c) hereof, the Conversion Price per share shall be equal to the lesser of (i) \$0.25 ("Maximum Conversion Price"), and (ii) eighty percent (80%) of the three day average of the closing bid prices of the Common Stock as reported by Bloomberg L.P. on the date preceding a Conversion Date ("Variable Conversion Price"), subject to a "Floor Price" of \$0.15.

(c) The Conversion Price and number and kind of shares or other securities to be issued upon conversion determined pursuant to Section 2.1(a), shall be subject to adjustment from time to time upon the happening of certain events while this conversion right remains outstanding, as follows:

A. Merger, Sale of Assets, etc. If the Borrower at any time shall consolidate with or merge into or sell or convey all or substantially all its assets to any other corporation, this Note, as to the unpaid principal portion thereof and accrued interest thereon, shall thereafter be deemed to evidence the right to purchase such number and kind of shares or other securities and property as would have been issuable or distributable on account of such consolidation, merger, sale or conveyance, upon or with respect to the securities subject to the conversion or purchase right immediately prior to such consolidation, merger, sale or conveyance. The foregoing provision shall similarly apply to successive transactions of a similar nature by any such successor or purchaser. Without limiting the generality of the foregoing, the anti-dilution provisions of this Section shall apply to such securities of such successor or purchaser after any such consolidation, merger, sale or conveyance.

B. Reclassification, etc. If the Borrower at any time shall, by reclassification or otherwise, change the Common Stock into the same or a different number of securities of any class or classes that may be issued or outstanding, this Note, as to the unpaid principal portion thereof and accrued interest thereon, shall thereafter be deemed to evidence the right to purchase an adjusted number of such securities and kind of securities as would have been issuable as the result of such change with respect to the Common Stock immediately prior to such reclassification or other change.

2

C. Stock Splits, Combinations and Dividends. If the shares of Common Stock are subdivided or combined into a greater or smaller number of shares of Common Stock, or if a dividend is paid on the Common Stock in shares of Common Stock, the Conversion Price shall be proportionately reduced in case of subdivision of shares or stock dividend or proportionately increased in the case of combination of shares, in each such case by the ratio which the total number of shares of Common Stock outstanding immediately after such event bears to the total number of shares of Common Stock outstanding immediately prior to such event..

D. Share Issuance. Other than in connection with the Excepted Issuances (as defined in the Subscription Agreement dated December 5, 2007 ("Subscription Agreement")), if at any time while this Note is outstanding, the Borrower shall agree to or issue (the "Lower Price Issuance") any shares of Common Stock or securities convertible into or exercisable directly or indirectly for shares of Common Stock (or modify any of the foregoing which may be outstanding) to any person or entity at a price per share or conversion or exercise price per share which shall be less than the Floor Price, then the Conversion Price shall automatically be reduced to such other Lower Price Issuance. For purposes of the adjustment described in this paragraph, the issuance of any security of the Company carrying the right to convert such security into shares of Common Stock or of any warrant, right or option to purchase Common Stock (other than Excepted Issuances) shall result in the adjustment of the Conversion Price where such right to convert is at a price lower than the Floor Price. The reduction of the Conversion Price described in this paragraph is in addition to other rights of the Holder described in this Note. For the avoidance of doubt, if for example, the Lower Price Issuance is \$0.10, then the Conversion Price shall be reduced to \$0.10.

(d) Whenever the Conversion Price is adjusted pursuant to Section 2.1(c) above, the Borrower shall promptly mail to the Holder a notice setting forth the Conversion Price after such adjustment and setting forth a statement of the facts requiring such adjustment.

(e) During the period the conversion right exists, Borrower will reserve from its authorized and unissued Common Stock not less than an amount of Common Stock equal to 150% of the amount of shares of Common Stock issuable upon the full conversion of this Note. Borrower represents that upon issuance, such shares will be duly and validly issued, fully paid and non-assessable. Borrower agrees that its issuance of this Note shall constitute full authority to its officers, agents, and transfer agents who are charged with the duty of executing and issuing stock certificates to execute and issue the necessary certificates for shares of Common Stock upon the conversion of this Note.

2.2 METHOD OF CONVERSION. This Note may be converted by the Holder in whole or in part as described in Section 2.1(a) hereof. Upon partial conversion of this Note, a new Note containing the same date and provisions of this Note shall, at the request of the Holder, be issued by the Borrower to the Holder for the principal balance of this Note and interest which shall not have been converted or paid.

2.3. MAXIMUM CONVERSION. The Holder shall not be entitled to convert on a Conversion Date that amount of the Note in connection with that number of shares of Common Stock which would be in excess of the sum of (i) the number of shares of Common Stock beneficially owned by the Holder and its affiliates on a Conversion Date, (ii) any Common Stock issuable in connection with the unconverted portion of the Note, and (iii) the number of shares of Common Stock issuable upon the conversion of the Note with respect to which the determination of this provision is being made on a Conversion Date, which would result in beneficial ownership by the Holder and its affiliates of more than 4.99% of the outstanding shares of Common Stock of the Borrower on such Conversion Date. For the purposes of the provision to the immediately preceding sentence, beneficial ownership shall be determined in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended, and Regulation 13d-3 thereunder. Subject to the foregoing, the Holder shall not be limited to aggregate conversions of 4.99%. The Holder shall have the authority and obligation to determine whether the restriction contained in this Section 2.3 will limit any conversion hereunder and to the extent that the Holder determines that the limitation contained in this Section applies, the determination of which portion of the Notes are convertible shall be the responsibility and obligation of the Holder.

3

### ARTICLE III

#### EVENT OF DEFAULT

The occurrence of any of the following events of default ("Event of Default") shall, at the option of the Holder hereof, make all sums of principal and interest then remaining unpaid hereon and all other amounts payable hereunder immediately due and payable, upon demand, without presentment, or grace period, all of which hereby are expressly waived, except as set forth below:

3.1 FAILURE TO PAY PRINCIPAL OR INTEREST. The Borrower fails to pay any installment of principal, interest or other sum due under this Note when due.

3.2 BREACH OF COVENANT. The Borrower breaches any material covenant or other term or condition of the Subscription Agreement, Transaction Documents or this Note in any material respect and such breach, if subject to cure, continues for a period of ten (10) business days after written notice to the Borrower from the Holder.

3.3 BREACH OF REPRESENTATIONS AND WARRANTIES. Any material representation or warranty of the Borrower made herein, in the Subscription Agreement, Transaction Documents, or in any agreement, statement or certificate given in writing pursuant hereto or in connection therewith shall be false or misleading in any material respect as of the date made and the Closing Date.

3.4 RECEIVER OR TRUSTEE. The Borrower or any Subsidiary of Borrower shall make an assignment for the benefit of creditors, or apply for or consent to the appointment of a receiver or trustee for it or for a substantial part of its property or business; or such a receiver or trustee shall otherwise be appointed.

3.5 JUDGMENTS. Any money judgment, writ or similar final process shall be entered or filed against Borrower or any of its property or other assets for more than \$100,000, and shall remain unvacated, unbonded or unstayed for a period of forty-five (45) days.

3.6 BANKRUPTCY. Bankruptcy, insolvency, reorganization or liquidation proceedings or other proceedings or relief under any bankruptcy law or any law, or the issuance of any notice in relation to such event, for the relief of debtors shall be instituted by or against the Borrower or any Subsidiary of Borrower and if instituted against them are not dismissed within 45 days of initiation.

3.7 DELISTING. Delisting of the Common Stock from any Principal Market; failure to comply with the requirements for continued listing on a Principal Market for a period of ten (10) consecutive trading days; or notification from a Principal Market that the Borrower is not in compliance with the conditions for such continued listing on such Principal Market.

4

3.8 NON-PAYMENT. A default by the Borrower under any one or more obligations in an aggregate monetary amount in excess of \$100,000 for more than

twenty days after the due date, unless the Borrower is contesting the validity of such obligation in good faith and has segregated cash funds equal to not less than one-half of the contested amount.

3.9 STOP TRADE. An SEC or judicial stop trade order or Principal Market trading suspension that lasts for five or more consecutive trading days.

3.10 NON-REGISTRATION EVENT. The occurrence of a Non-Registration Event as described in Section 11.4 of the Subscription Agreement.

3.11 FAILURE TO DELIVER COMMON STOCK OR REPLACEMENT NOTE. Borrower's failure to timely deliver Common Stock to the Holder pursuant to and in the form required by this Note and Sections 7 and 11 of the Subscription Agreement, or, if required, a replacement Note.

3.12 RESERVATION DEFAULT. Failure by the Borrower to have reserved for issuance upon conversion of the Note the amount of Common stock as set forth in this Note.

3.13 FINANCIAL STATEMENT RESTATEMENT. The restatement of any financial statements filed by the Borrower with the Securities and Exchange Commission for any date or period from two years prior to the Issue Date of this Note and until this Note is no longer outstanding, if the result of such restatement would, by comparison to the unrestated financial statements, have constituted a Material Adverse Effect.

3.14 OTHER NOTE DEFAULT. The occurrence of any Event of Default under any other Note between Borrower and Holder.

3.15 CROSS DEFAULT. A default by the Borrower of a material term, covenant, warranty or undertaking of any other agreement to which the Borrower and Holder are parties, or the occurrence of a material event of default under any such other agreement to which Borrower and Holder are parties which is not cured after any required notice and/or cure period.

#### ARTICLE IV

##### MISCELLANEOUS

4.1 FAILURE OR INDULGENCE NOT WAIVER. No failure or delay on the part of Holder hereof in the exercise of any power, right or privilege hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any such power, right or privilege preclude other or further exercise thereof or of any other right, power or privilege. All rights and remedies existing hereunder are cumulative to, and not exclusive of, any rights or remedies otherwise available.

4.2 UNCONDITIONAL OBLIGATION. This Note shall be deemed an unconditional obligation of Borrower for the payment of money and, without limitation to any other remedies Holder may have, may be enforced against Borrower by summary proceeding pursuant to N.Y. Civil Procedure Law and Rules Section 3213 or any similar rule or statute in the jurisdiction where enforcement is sought.

4.3 NOTICES. All notices, demands, requests, consents, approvals, and other communications required or permitted hereunder shall be in writing and, unless otherwise specified herein, shall be (i) personally served, (ii) deposited in the mail, registered or certified, return receipt requested, postage prepaid, (iii) delivered by reputable air courier service with charges

5

prepaid, or (iv) transmitted by hand delivery, telegram, or facsimile, addressed as set forth below or to such other address as such party shall have specified most recently by written notice. Any notice or other communication required or permitted to be given hereunder shall be deemed effective (a) upon hand delivery or delivery by facsimile, with accurate confirmation generated by the transmitting facsimile machine, at the address or number designated below (if delivered on a business day during normal business hours where such notice is to be received), or the first business day following such delivery (if delivered other than on a business day during normal business hours where such notice is to be received) or (b) on the second business day following the date of mailing by express courier service, fully prepaid, addressed to such address, or upon actual receipt of such mailing, whichever shall first occur. The addresses for such communications shall be: (i) if to the Borrower to: Aethlon Medical, Inc., 3030 Bunker Hill Street, Suite 4000, San Diego, CA 92109, Attn: James A. Joyce, CEO, telecopier: (858) 272-2738, and (ii) if to the Holder, to the name, address and telecopy (if any) number set forth on the front page of this Note.

4.4 AMENDMENT PROVISION. The term "Note" and all reference thereto, as used throughout this instrument, shall mean this instrument as originally executed, or if later amended or supplemented, then as so amended or supplemented.

4.5 ASSIGNABILITY. This Note shall be binding upon the Borrower and its successors and assigns, and shall inure to the benefit of the Holder and its successors and assigns.

4.6 COST OF COLLECTION. If default is made in the payment of this Note, Borrower shall pay the Holder hereof reasonable costs of collection, including reasonable attorneys' fees.

4.7 GOVERNING LAW. This Note shall be governed by and construed in accordance with the laws of the State of California without regard to conflicts of laws principles that would result in the application of the substantive laws of another jurisdiction. Any action brought by either party against the other concerning the transactions contemplated by this Agreement must be brought only in the civil or state courts of California or in the federal courts located in the State and county of San Diego, California. Both parties and the individual signing this Agreement on behalf of the Borrower agree to submit to the jurisdiction of such courts. The prevailing party shall be entitled to recover from the other party its reasonable attorney's fees and costs. In the event that any provision of this Note is invalid or unenforceable under any applicable statute or rule of law, then such provision shall be deemed inoperative to the extent that it may conflict therewith and shall be deemed modified to conform with such statute or rule of law. Any such provision which may prove invalid or unenforceable under any law shall not affect the validity or unenforceability of any other provision of this Note. Nothing contained herein shall be deemed or operate to preclude the Holder from bringing suit or taking other legal action against the Borrower in any other jurisdiction to collect on the Borrower's obligations to Holder, to realize on any collateral or any other security for such obligations, or to enforce a judgment or other decision in favor of the Holder.

4.8 MAXIMUM PAYMENTS. Nothing contained herein shall be deemed to establish or require the payment of a rate of interest or other charges in excess of the maximum permitted by applicable law. In the event that the rate of interest required to be paid or other charges hereunder exceed the maximum permitted by such law, any payments in excess of such maximum shall be credited against amounts owed by the Borrower to the Holder and thus refunded to the Borrower.

4.9 SHAREHOLDER STATUS. The Holder shall not have rights as a shareholder of the Borrower with respect to unconverted portions of this Note. However, the Holder will have all the rights of a shareholder of the Borrower with respect to the shares of Common Stock to be received by Holder after delivery by the Holder of a Conversion Notice to the Borrower.

6

4.10 CONSTRUCTION. Each party acknowledges that its legal counsel participated in the preparation of this Note and, therefore, stipulates that the rule of construction that ambiguities are to be resolved against the drafting party shall not be applied in the interpretation of this Note to favor any party against the other.

4.11 REDEMPTION. This Note may not be redeemed, called or prepaid without the consent of the Holder.

4.12 NON-BUSINESS DAYS. Whenever any payment or any action to be made shall be due on a Saturday, Sunday or a public holiday under the laws of the State of California, such payment may be due or action shall be required on the next succeeding business day and, for such payment, such next succeeding day shall be included in the calculation of the amount of accrued interest payable on such date.

IN WITNESS WHEREOF, Borrower has caused this Note to be signed in its name by an authorized officer as of the 10th day of July, 2009.

Right to Purchase \_\_\_\_\_ of shares of Common Stock of Aethlon Medical, Inc.  
(subject to adjustment as provided herein)

COMMON STOCK PURCHASE WARRANT

NO. \_\_\_\_\_ Issue Date: JULY \_\_, 2009

AETHLON MEDICAL, INC., a corporation organized under the laws of the State of Nevada (the "Company"), hereby certifies that, for value received, \_\_\_\_\_ [insert number here] or its assigns (the "Holder"), is entitled, subject to the terms set forth below, to purchase from the Company at any time after the Issue Date until 5:00 p.m., P.S.T. on the third anniversary of the Issue Date (the "Expiration Date") or such sooner time as this warrant is terminated pursuant to Section 6 herein, up to \_\_\_\_\_ fully paid and nonassessable shares of the common stock of the Company (the "Common Stock"), at a per share purchase price of \$0.50. The aforescribed purchase price per share, as adjusted from time to time as herein provided, is referred to herein as the "Purchase Price." The number and character of such shares of Common Stock and the Purchase Price are subject to adjustment as provided herein. The Company may reduce the Purchase Price without the consent of the Holder.

As used herein the following terms, unless the context otherwise requires, have the following respective meanings:

(a) The term "Company" shall include Aethlon Medical, Inc. and any corporation which shall succeed or assume the obligations of Aethlon Medical, Inc. hereunder.

(b) The term "Common Stock" includes (a) the Company's Common Stock and (b) any other securities into which or for which any of the securities described in (a) may be converted or exchanged pursuant to a plan of recapitalization, reorganization, merger, sale of assets or otherwise.

(c) The term "Other Securities" refers to any stock (other than Common Stock) and other securities of the Company or any other person (corporate or otherwise) which the holder of the Warrant at any time shall be entitled to receive, or shall have received, on the exercise of the Warrant, in lieu of or in addition to Common Stock, or which at any time shall be issuable or shall have been issued in exchange for or in replacement of Common Stock or Other Securities pursuant to Section 4 or otherwise.

1. EXERCISE OF WARRANT.

1.1. NUMBER OF SHARES ISSUABLE UPON EXERCISE. From and after the Issue Date through and including the Expiration Date, the Holder hereof shall be entitled to receive, upon exercise of this Warrant in whole in accordance with the terms of subsection 1.2 or upon exercise of this Warrant in part in accordance with subsection 1.3, shares of Common Stock of the Company, subject to adjustment pursuant to Section 4.

1

1.2. FULL EXERCISE. This Warrant may be exercised in full by the Holder hereof by delivery of an original or facsimile copy of the form of subscription attached as Exhibit A hereto (the "Subscription Form") duly executed by such Holder and surrender of the original Warrant within seven (7) days of exercise to the Company at its principal office or at the office of its Warrant Agent (as provided hereinafter), accompanied by payment, in cash, wire transfer or by certified or official bank check payable to the order of the Company, in the amount obtained by multiplying the number of shares of Common Stock for which this Warrant is then exercisable by the Purchase Price then in effect.

1.3. PARTIAL EXERCISE. This Warrant may be exercised in part (but not for a fractional share) by surrender of this Warrant in the manner and at the place provided in subsection 1.2 except that the amount payable by the Holder on such partial exercise shall be the amount obtained by multiplying (a) the number of whole shares of Common Stock designated by the Holder in the Subscription Form by (b) the Purchase Price then in effect. On any such partial exercise, the Company, at its expense, will forthwith issue and deliver to or

upon the order of the Holder hereof a new Warrant of like tenor, in the name of the Holder hereof or as such Holder (upon payment by such Holder of any applicable transfer taxes) may request, the whole number of shares of Common Stock for which such Warrant may still be exercised.

1.4. COMPANY ACKNOWLEDGMENT. The Company will, at the time of the exercise of the Warrant, upon the request of the Holder hereof, acknowledge in writing its continuing obligation to afford to such Holder any rights to which such Holder shall continue to be entitled after such exercise in accordance with the provisions of this Warrant. If the Holder shall fail to make any such request, such failure shall not affect the continuing obligation of the Company to afford to such Holder any such rights.

1.5. TRUSTEE FOR WARRANT HOLDERS. In the event that a bank or trust company shall have been appointed as trustee for the Holder of the Warrants pursuant to Subsection 3.2, such bank or trust company shall have all the powers and duties of a warrant agent (as hereinafter described) and shall accept, in its own name for the account of the Company or such successor person as may be entitled thereto, all amounts otherwise payable to the Company or such successor, as the case may be, on exercise of this Warrant pursuant to this Section 1.

1.6 DELIVERY OF STOCK CERTIFICATES, ETC. ON EXERCISE. The Company agrees that the shares of Common Stock purchased upon exercise of this Warrant shall be deemed to be issued to the Holder hereof as the record owner of such shares as of the close of business on the date on which this Warrant shall have been surrendered and payment made for such shares as aforesaid. As soon as practicable after the exercise of this Warrant in full or in part, and in any event within five (5) days thereafter, the Company at its expense (including the payment by it of any applicable issue taxes) will cause to be issued in the name of and delivered to the Holder hereof, or as such Holder (upon payment by such Holder of any applicable transfer taxes) may direct in compliance with applicable securities laws, a certificate or certificates for the number of duly and validly issued, fully paid and nonassessable shares of Common Stock (or Other Securities) to which such Holder shall be entitled on such exercise, plus, in lieu of any fractional share to which such Holder would otherwise be entitled, cash equal to such fraction.

1.7 EXERCISE LIMITATIONS. The Company shall not effect any exercise of this Warrant, and a Holder shall not have the right to exercise any portion of this Warrant, pursuant to this Section 1 or otherwise, to the extent that after giving effect to such issuance after exercise as set forth on the applicable Subscription Form, the Holder (together with the Holder's "Affiliates" (as that term is defined by Rule 144 promulgated under the Securities Act), and any other person or entity acting as a group together with the Holder or any of the Holder's Affiliates), would beneficially own in excess of the Beneficial Ownership Limitation (as defined below). For purposes of the foregoing sentence, the number of shares of Common Stock beneficially owned by

the Holder and its Affiliates shall include the number of shares of Common Stock issuable upon exercise of this Warrant with respect to which such determination is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (A) exercise of the remaining, unexercised portion of this Warrant beneficially owned by the Holder or any of its Affiliates and (B) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company (including, without limitation, any other Common Stock equivalents) subject to a limitation on conversion or exercise analogous to the limitation contained herein beneficially owned by the Holder or any of its affiliates. Except as set forth in the preceding sentence, for purposes of this Section 1.7, beneficial ownership shall be calculated in accordance with Section 13(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the rules and regulations promulgated thereunder, it being acknowledged by the Holder that the Company is not representing to the Holder that such calculation is in compliance with Section 13(d) of the Exchange Act and the Holder is solely responsible for any schedules required to be filed in accordance therewith. To the extent that the limitation contained in this Section 1.7 applies, the determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates) and of which portion of this Warrant is exercisable shall be in the sole discretion of the Holder, and the submission of a Subscription Form shall be deemed to be the Holder's determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates) and of which portion of this Warrant is exercisable, in each case subject to the Beneficial Ownership Limitation, and the Company shall have no obligation to verify or confirm the accuracy of such determination. In addition, a determination as to any group status as contemplated above shall be determined in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder. For purposes of this Section 1.7, in determining the number of outstanding shares of Common Stock, a Holder may rely on the number of outstanding shares of Common Stock as reflected in (x) the Company's most recent periodic or annual report, as the case may be, (y) a more

recent public announcement by the Company or (z) a more recent notice by the Company or the Company's transfer agent setting forth the number of shares of Common Stock outstanding. Upon the written or oral request of a Holder, the Company shall confirm to the Holder within two business days orally and in writing the number of shares of Common Stock then outstanding. In any case, the number of outstanding shares of Common Stock shall be determined after giving effect to the conversion or exercise of securities of the Company, including this Warrant, by the Holder or its Affiliates since the date as of which such number of outstanding shares of Common Stock was reported. The "Beneficial Ownership Limitation" shall be 9.99% of the number of shares of the Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock issuable upon exercise of this Warrant. The Holder, upon not less than 61 days' prior notice to the Company, may increase or decrease the Beneficial Ownership Limitation provisions of this Section 1.7, provided that the Beneficial Ownership Limitation in no event exceeds 9.99% of the number of shares of the Common Stock outstanding immediately after giving effect to the issuance of shares of Common Stock upon exercise of this Warrant held by the Holder and the provisions of this Section 1.7 shall continue to apply. Any such increase or decrease will not be effective until the 61st day after such notice is delivered to the Company and shall only apply to such Holder and no other Holder. The provisions of this paragraph shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this Section 1.7 to correct this paragraph (or any portion hereof) to the extent defective or inconsistent with the intended Beneficial Ownership Limitation herein contained or to make changes or supplements necessary or desirable to properly give effect to such limitation. The limitations contained in this paragraph shall apply to a successor holder of this Warrant.

2. PIGGYBACK REGISTRATION RIGHTS. If, at any time while this Warrant is outstanding, there is not an effective registration statement covering all of the shares of Common Stock underlying this Warrant (the "Warrant Shares") and the Company shall determine to prepare and file with the Securities and Exchange Commission a registration statement relating to an offering of any of its equity securities for its own account or the account of others under the Securities Act, other than on Form S-4 or Form S-8 (each as promulgated under the Securities Act) or their then-equivalents relating to equity securities to be issued solely in connection with any acquisition of any entity or business or equity securities issuable in connection with the Company's stock option or

3

other employee benefit plans, then the Company shall deliver to each Holder a written notice of such determination and, if within 15 days after the date of the delivery of such notice any such Holder shall so request in writing, the Company shall include in such registration statement all or any part of the Warrant Shares such Holder requests to be registered; provided, however, that the Company shall not be required to register any Warrant Shares pursuant to this Section 2 that are eligible for resale pursuant to Rule 144 promulgated under the Securities Act subject only to the holding period requirements thereof or that are the subject of a then-effective registration statement.

### 3. ADJUSTMENT FOR REORGANIZATION, CONSOLIDATION, MERGER, ETC.

3.1. REORGANIZATION, CONSOLIDATION, MERGER, ETC. In case at any time or from time to time the Company shall (a) effect a reorganization, (b) consolidate with or merge into any other person or (c) transfer all or substantially all of its properties or assets to any other person under any plan or arrangement contemplating the dissolution of the Company, then, in each such case, as a condition to the consummation of such a transaction, proper and adequate provision shall be made by the Company whereby the Holder of this Warrant, on the exercise hereof as provided in Section 1, at any time after the consummation of such reorganization, consolidation or merger or the effective date of such dissolution, as the case may be, shall receive, in lieu of the Common Stock (or Other Securities) issuable on such exercise prior to such consummation or such effective date, the stock and other securities and property (including cash) to which such Holder would have been entitled upon such consummation or in connection with such dissolution, as the case may be, if such Holder had so exercised this Warrant, immediately prior thereto, all subject to further adjustment thereafter as provided in Section 4.

3.2. DISSOLUTION. In the event of any dissolution of the Company following the transfer of all or substantially all of its properties or assets, the Company, prior to such dissolution, shall at its expense deliver or cause to be delivered the stock and other securities and property (including cash, where applicable) receivable by the Holder of the Warrants after the effective date of such dissolution pursuant to this Section 3 to a bank or trust company (a "Trustee") having its principal office in Los Angeles, California, as trustee for the Holder of the Warrants.

3.3. CONTINUATION OF TERMS. Upon any reorganization, consolidation, merger or transfer (and any dissolution following any transfer) referred to in this Section 3, this Warrant shall continue in full force and effect and the terms hereof shall be applicable to the Other Securities and

property receivable on the exercise of this Warrant after the consummation of such reorganization, consolidation or merger or the effective date of dissolution following any such transfer, as the case may be, and shall be binding upon the issuer of any Other Securities, including, in the case of any such transfer, the person acquiring all or substantially all of the properties or assets of the Company, whether or not such person shall have expressly assumed the terms of this Warrant as provided in Section 4. In the event this Warrant does not continue in full force and effect after the consummation of the transaction described in this Section 3, then only in such event will the Company's securities and property (including cash, where applicable) receivable by the Holder of the Warrants be delivered to the Trustee as contemplated by Section 3.2.

4. EXTRAORDINARY EVENTS REGARDING COMMON STOCK. In the event that the Company shall (a) issue additional shares of the Common Stock as a dividend or other distribution on outstanding Common Stock, (b) subdivide its outstanding shares of Common Stock, or (c) combine its outstanding shares of the Common Stock into a smaller number of shares of the Common Stock, then, in each such event, the Purchase Price shall be adjusted, simultaneously with the happening

4

of such event, by multiplying the then Purchase Price by a fraction, the numerator of which shall be the number of shares of Common Stock outstanding immediately prior to such event and the denominator of which shall be the number of shares of Common Stock outstanding immediately after such event, and the product so obtained shall thereafter be the Purchase Price then in effect. The Purchase Price, as so adjusted, shall be readjusted in the same manner upon the happening of any successive event or events described in this Section 4. The number of shares of Common Stock that the Holder of this Warrant thereafter shall be entitled to receive, on the exercise hereof as provided in Section 1, shall be adjusted to a number determined by multiplying the number of shares of Common Stock that would otherwise (but for the provisions of this Section 4) be issuable on such exercise by a fraction of which (a) the numerator is the Purchase Price that would otherwise (but for the provisions of this Section 4) be in effect, and (b) the denominator is the Purchase Price in effect on the date of such exercise.

5. CERTIFICATE AS TO ADJUSTMENTS. In each case of any adjustment or readjustment in the shares of Common Stock (or Other Securities) issuable on the exercise of the Warrants, the Company at its expense will promptly cause its Chief Financial Officer or other appropriate designee to compute such adjustment or readjustment in accordance with the terms of the Warrant and prepare a certificate setting forth such adjustment or readjustment and showing in detail the facts upon which such adjustment or readjustment is based, including a statement of (a) the consideration received or receivable by the Company for any additional shares of Common Stock (or Other Securities) issued or sold or deemed to have been issued or sold, (b) the number of shares of Common Stock (or Other Securities) outstanding or deemed to be outstanding, and (c) the Purchase Price and the number of shares of Common Stock to be received upon exercise of this Warrant, in effect immediately prior to such adjustment or readjustment and as adjusted or readjusted as provided in this Warrant. The Company will forthwith mail a copy of each such certificate to the Holder of the Warrant and any Warrant Agent of the Company (appointed pursuant to Section 10 hereof).

6. CALL AT ELECTION OF COMPANY. If, at any time after one year from the Issue Date, the Company's Common Stock closes at a price of \$1.00 or more for 5 consecutive trading days, the Company, at its election, may deliver a notice to the Holder (a "Call Notice" and the date such notice is deemed delivered hereunder, the "Call Notice Date") of its election to call for the return of all or a portion of this Warrant to the Company (for no consideration), no later than the 30th day following the Call Notice Date (the "Call Date"). Regardless of whether physical delivery of the Warrant is made to the Company pursuant to this Section 6, any unexercised portion of this Warrant shall be deemed terminated as of the Call Date. The Company shall honor all Subscription Forms tendered from the time of delivery of the Call Notice through the Call Date.

7. RESERVATION OF STOCK, ETC. ISSUABLE ON EXERCISE OF WARRANT; FINANCIAL STATEMENTS. The Company will at all times reserve and keep available, solely for issuance and delivery on the exercise of the Warrants, all shares of Common Stock (or Other Securities) from time to time issuable on the exercise of the Warrant. This Warrant entitles the Holder hereof to receive copies of all financial and other information distributed or required to be distributed to the holders of the Company's Common Stock.

8. ASSIGNMENT; EXCHANGE OF WARRANT. Subject to compliance with applicable securities laws, this Warrant, and the rights evidenced hereby, may be transferred by any registered holder hereof (a "Transferor"). On the surrender for exchange of this Warrant, with the Transferor's endorsement in the form of Exhibit B attached hereto (the "Transferor Endorsement Form") and together with an opinion of counsel reasonably satisfactory to the Company that the transfer of this Warrant will be in compliance with applicable securities laws, the Company at its expense, but with payment by the Transferor of any

applicable transfer taxes, will issue and deliver to or on the order of the Transferor thereof a new Warrant or Warrants of like tenor, in the name of the Transferor and/or the transferee(s) specified in such Transferor Endorsement Form (each a "Transferee"), calling in the aggregate on the face or faces thereof for the number of shares of Common Stock called for on the face or faces of the Warrant so surrendered by the Transferor. No such transfers shall result in a public distribution of the Warrant.

5

9. REPLACEMENT OF WARRANT. On receipt of evidence reasonably satisfactory to the Company of the loss, theft, destruction or mutilation of this Warrant and, in the case of any such loss, theft or destruction of this Warrant, on delivery of an indemnity agreement or security reasonably satisfactory in form and amount to the Company or, in the case of any such mutilation, on surrender and cancellation of this Warrant, the Company at its expense, twice only, will execute and deliver, in lieu thereof, a new Warrant of like tenor.

10. WARRANT AGENT. The Company may, by written notice to the Holder of the Warrant, appoint an agent (a "Warrant Agent") for the purpose of issuing Common Stock (or Other Securities) on the exercise of this Warrant pursuant to Section 1, exchanging this Warrant pursuant to Section 8, and replacing this Warrant pursuant to Section 9, or any of the foregoing, and thereafter any such issuance, exchange or replacement, as the case may be, shall be made at such office by such Warrant Agent.

11. TRANSFER ON THE COMPANY'S BOOKS. Until this Warrant is transferred on the books of the Company, the Company may treat the registered holder hereof as the absolute owner hereof for all purposes, notwithstanding any notice to the contrary.

12. NOTICES. All notices, demands, requests, consents, approvals, and other communications required or permitted hereunder shall be in writing and, unless otherwise specified herein, shall be (i) personally served, (ii) deposited in the mail, registered or certified, return receipt requested, postage prepaid, (iii) delivered by reputable air courier service with charges prepaid, or (iv) transmitted by hand delivery, telegram, or facsimile, addressed as set forth below or to such other address as such party shall have specified most recently by written notice. Any notice or other communication required or permitted to be given hereunder shall be deemed effective (a) upon hand delivery or delivery by facsimile, with accurate confirmation generated by the transmitting facsimile machine, at the address or number designated below (if delivered on a business day during normal business hours where such notice is to be received), or the first business day following such delivery (if delivered other than on a business day during normal business hours where such notice is to be received) or (b) on the second business day following the date of mailing by express courier service, fully prepaid, addressed to such address, or upon actual receipt of such mailing, whichever shall first occur. The addresses for such communications shall be: (i) if to the Company to: Aethlon Medical, Inc., 3030 Bunker Hill Street, Suite 4000, San Diego, California 92109, FAX (858) 332-1739, with a copy by facsimile only to: Law Office of Jennifer A. Post, 304 North Camden Drive, Suite 302, Beverly Hills, CA 90210, Attn: Jennifer A. Post, Esq., telecopier: (800)783-2983, (ii) if to the Holder to: \_\_\_\_\_.

13. MISCELLANEOUS. This Warrant and any term hereof may be changed, waived, discharged or terminated only by an instrument in writing signed by the party against which enforcement of such change, waiver, discharge or termination is sought. This Warrant shall be construed and enforced in accordance with and governed by the laws of the State of California. Any dispute relating to this Warrant shall be adjudicated in the City of Los Angeles in the State of California. The headings in this Warrant are for purposes of reference only and shall not limit or otherwise affect any of the terms hereof. The invalidity or unenforceability of any provision hereof shall in no way affect the validity or enforceability of any other provision.

CERTIFICATION PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED  
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, James Joyce, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Aethlon Medical, Inc.;
2. Based on my knowledge, this Quarterly Report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this Report;
3. Based on my knowledge, the financial statements, and other financial information included in this Report, fairly present in all material respects the financial condition, results of operations and cash flows of the smaller reporting company as of, and for, the periods presented in this report;
4. The smaller reporting company's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the smaller reporting company and have:
  - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the smaller reporting company, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this Report is being prepared;
  - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - (c) Evaluated the effectiveness of the smaller reporting company's disclosure controls and procedures and presented in this Report and our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this Report based on such evaluation; and
  - (d) Disclosed in this Report any change in the smaller reporting company's internal control over financial reporting that occurred during the smaller reporting company's most recent fiscal quarter (the smaller reporting company's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the smaller reporting company's internal control over financial reporting; and
5. The smaller reporting company's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the smaller reporting company's auditors and the audit committee of the smaller reporting company's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the smaller reporting company's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the smaller reporting company's internal control over financial reporting.
